

so i was eating a muffin at burger king and this dude comes up to me and says HEY! what you doin with my burger!? I held up the muffin and said "muffin, jerk!" He continued with his rage and he took out his gun and said drop the burger!!!! It was a dollar store gun which he forgot to load. I acted like i was scared then i kicked him in the soft spot. He screamed and showed the gun. To my surprise the gun shot a real bullet with breath taking recoil. I ran out the door and i never saw him again.
