

Yo, I'm Kevin "cuetip" Hanson. I'm blonde and have blue eyes. I like music a lot. I'm pretty open to all kinds of music, except country. I make music on my computer. I play guitar. I'm in a band called Hansonite. When I'm not making music, I footbag, also known as hacky sack. Many people don't know this but I'm a footbag champion. I've competed against many footbaggers and won many competitions around the world.

a meth lab in my basement. but I do not sell the drugs for personal gain. I give needy people the money I make from the drug business, so I'm really a kind person. If you want to support me, listen to my music at myspace.com keyword Hansonite, buy my personally made footbags, or buy some meth. Or try my new mixture, cocaine filled footbags. Thanks.
