

**Hello, my name is Benjamin Seaholm. I am a freshman at Lynden High School who is currently taking the Multimedia 1 Class. My favorite animals are pandas and penguins and my favorite colors are green and orange. I was born in Bellingham, Washington on December 10th, 2001. My dad teaches U.S. History at Lynden Middle School, my mom works for a non profit organization called WeSNiP and my sister is a recent college graduate in Creative Writing. plans to work for an agency in California early on in 2017. Personally, I love letting my creativity shine when creating YouTube videos for my family and friends. My channel is a place where I feel comfortable, creating content that I enjoy producing and my viewers enjoy watching. I'm not the biggest fan of Washington weather, although the hiking views are quite breath taking! Oneday, I hope to move to California or Europe sometime after I've finished up with college.**
