

My name is Brian Lopez. I am in the Multimedia class. I like this class because I get to draw some pretty cool stuff. The program that i like the best was photo-shop. I really think that it was cool because it was really easy to figure out, and also easy to use. I am taking this class because I need a fine art credit to graduate. If you didn't figure it out, I am a senior this year. I am playing soccer right now for the school team. I am a starter for the midfield of our team.
