

My name is Tony Bhangal and, I currently attend Lynden High School as a Junior. My current schedule includes four periods, in which I am taking Multimedia I, Weight training, Pre-calculus, and Chemistry. There are about two weeks left in this school year which is great but that also means that its time to study like crazy to ace the finals in all of my classes. Then after school is finished I have summer vacation to enjoy. And that is where I currently stand.
