

My name is Laura Molly Webb and I am currently a sophomore at Lynden High School. I have lived in Lynden almost my whole life. I was born on September 9, 1992. God is number one in my life. I play both volleyball and basketball here at Lynden High School, but volleyball is my favorite. My favorite thing to do in my free time is to hangout with my friends and just be lazy. I love to eat and it drives me crazy when people don't. Dolphins are my favorite animal. One day I hope to have the opportunity to travel to both France and Australia. My favorite season is summer and yellow is my favorite color. I'm in a family of seven, two parents, a brother and three sisters. We don't always get along but I love them all. Overall, I'm happy and thankful that I have the life I have :)
