

My name is Ramon Bermudez and i'm in the multimedia class. I enjoy designing and drawing things in class and the good programs used to edit and retouch photos and create effects and drawings. I was in engineering tech as an advanced student last semester with Dave Weidkamp.

There

you can

create

and

add

tex-

tures and

material to stuff that you have made on the computer. I have been living here in Lynden WA since freshman year. I'm want to graduate in one more year and go to college and get my career that i wan.
