

# Jackknife XMA seminars and lessons

- 1) XMA seminars and lessons
- 2) I've been teaching for 3 years, Roland Osborne Instructor certified, Multiple NBL grand champions.
- 3) No employees besides me.
- 4) Online business, travel to where ever a client needs me.
- 5) XMA is a quickly going phenomena of awesomeness that is swiffling the world. Currently, the only place where this sport is taught is at Mike Chat's school in Los Angeles, and most people self-teach themselves. Having someone (such as myself) that has already gone through many years of self-teaching, can greatly decrease the amount of time needed to learn the sport and how to be a champion!
