

1) Bake cupcakes and cakes for birthdays and other such holidays (not weddings)

2) I love to bake and decorate deserts and over the years I have gotten very good. I am also a creative person which, helps.

3) Five, My aunt, uncle, sisters. and best friend. I would have them bake the cakes, make frosting, and make sure the supplies are in stock.

4) I will be using my aunts house which is located in West Seattle. The location is good because of the number of people and because I have a lot of family that, if needed, would help me out.

5) Everyone needs cakes. Birthdays are no fun without it and nowadays with our busy lifestyles no one has time to bake a cake on their own. Plus who wants a boring cake with plain old frosting!
