

Business Plan

1. I will sell old, hard to get records, CD's and vinyls.
2. I have considerable knowledge in the realm of music and the industry.
3. I will employ one person at the start of the business.
4. I will rent a building with Nico Kunst.
5. In Lynden, there aren't any stores specifically for selling old time classic records. Because of this, my business is in demand.
